

Finding Feelings

Name _____

After you read *Recess Magic*, draw or write how you think Greyson and his classmates feel when they speak or hear these words.

I bet you wish you could do this in your wheelchair, Greyson.

Let's notice each other for who we are on the inside. That's what good friends do.

I was wrong to treat you unfairly. Thank you for showing me not to be afraid of your wheelchair.

Why don't you keep this penny to remind you about the time a little recess magic started our friendship?

Why is it important to be fair and kind when we speak to others?
